DIFFERENT FORMS

NUTRITION GUMMIES

We provide sugar-free, pectin-based vegan gummies with customizable formulas for different target groups. From 2g–5g gummies to high dosage, complex formulations, we offer mature formulas, in-stock options, and competitive pricing.

EFFERVESCENT TABLETS

Effervescent tablets manufactured since 1998 — among the first manufacturer in China. Strong expertise in taste development with high quality leading the industry, supported by stable production and competitive pricing.

VEGAN SOFTGELS, CAPSULES, TABLETS & POWDERS

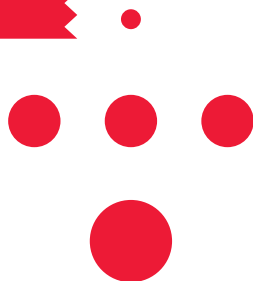

We manufacture chewable tablets, swallow tablets, hard capsules, and softgels across multiple specifications and categories.

Plant-based softgels made with modified starch shells — vegan and halal compliant. Compared to conventional softgel capsules, we offer superior heat stability with reduced stickiness and leakage, ensuring easier storage without temperature limitations. As one of fewer than 10 manufacturers capable of chewable softgels, and a pioneer in vegan softgels R&D, we provide great taste, swallowing-friendly formats, high-temperature resistance, and competitive pricing.

Powder products can be produced in formats ranging from 1g to 50g, with diversified packaging options including sticks, sachets, jars, and cans.
